

ROBERT TAYLOR

robert.taylor@email.com | (555) 777-8888 | Seattle, WA

EXPERIENCE

Platform Engineer | CloudTech Solutions | January 2021 - Present

Implemented infrastructure as code using Terraform, managing 50+ cloud resources

Built CI/CD pipelines using GitHub Actions, reducing deployment time by 70%

Deployed Kubernetes container orchestration for microservices, improving scalability

Established observability with Prometheus and Grafana, reducing MTTR by 40%

Automated infrastructure provisioning using shell scripting, saving 15 hours/week

EDUCATION

Bachelor of Science in Computer Engineering | Tech University | May 2020

SKILLS

Infrastructure as Code, CI/CD Pipelines, Kubernetes or Container Orchestration, Observability, Automation Scripting, Multi-tenant Platforms, SLOs and SLIs

Tools: Kubernetes, Helm, Terraform, Argo CD, GitHub Actions, Jenkins
